

Living the Tellepsen Values

Our values have shaped Tellepsen for over a century. They are what make our culture so special. Our work is not about us - it's about making the community better.

- Be one another's keeper and put everyone's safety first.
- Do it right the first time.
- Be a part of something bigger than ourselves.
- The status quo is unacceptable.
- Treat everyone like family.
- Always take the high road.
- Do what you say you're going to do and do it with a smile.

**The T means
something *more*.**
