

# EXPAND-O-LIZER® ASLO

Under Reamed Bow Spring Centralizer

## Product

The **EXPAND-O-LIZER ASLO** is a premium centralizer designed for optimum performance in under reamed and close tolerance applications. The single piece design with integrated stress relief blade profiles, allows the centralizer blades to flex in tight restrictions, yet return to OD giving restoring force that exceeds industry standards.

**EXPAND-O-LIZER ASLO** is a unique design and a premium addition to Varel Energy Solutions EXPAND-O-LIZER centralizer family, providing robust, competent and consistent product performance.

## Features

- Single piece, spring steel design.
- Unique blade profile•Stress relief blade features.
- Low running forces.
- High restoring forces with excellent standoff.
- Competent and consistent performance.
- Testing criteria exceeds industry standards.
- Patent pending.

## Options

- Centralizer placement / T&D analysis available.
- Dedicated engineering support team.
- Designed to meet specific application requirements.
- Sizes from 4-1/2" through 24" available.
